## Our award winning venue and team

Our two flint and tiled barns built in the 1800's boast magnificent high beamed ceilings. Both barns have excellent natural light with windows on each side. Each have their own fully equipped bar, and their own dedicated facilities.

**The Barn**, situated north-south has double door glass alcoves on each side, making it a light and airy space.

**The Pavilion Barn**, situated east-west, has a north side of flint, and a pan tiled roof; with casement windows on each side. Its sloping roof provides a covered terrace area overlooking the Green

### The Gardens

There is plenty of space to relax and peruse our landscaped gardens too.

### Our Team

We, along with our caterers Hardings Catering look after and manage all our events here. We are national award winners and take great pride in looking after our guests.
