Why choose a *Twilight* Package?

If you are looking for a more cost-effective option, with no compromise on service or quality, look no further...

For a bespoke wedding that moves away from the formality of a traditional wedding day, which includes our award-winning venue, table and ceiling décor, a local professional DJ and one of our celebrants to officiate your ceremony. Informality is yours to play with, it is, after all, your wedding, so why not do it your way?

DJ commences with your first dance

11:30pm

Last Orders at the bar

11:45pm

Bar Closes

12 midnight (11pm Sunday-Thursday)
Carriages

Twilight weddings offer an intimate and romantic alternative to full day wedding celebrations, whilst still including all the components that make your wedding day memories that last a lifetime.

Here we have the perfect setting to create an enchanting wedding – start the day with a bespoke, handwritten ceremony, just for you, before you celebrate in style.

Life is about choices

Join us earlier in the day and get ready in our Annex. Available from midday, the Annex is the perfect space to get ready, with full length mirrors, refreshments, and plenty of natural light. You are in the centre of the action! Why not organise a reveal moment with your photographer and your bridesmaids? The Annex is then your base until the end of the day.

The Sussex Barn

Whilst you are getting ready Hire Your Day will arrive to put out your table décor, and we will assist with placing your stationery. Hardings then arrive to set the tables up and all your plans are put into action.

Let's get married

In this country there are two ways that you can legally marry. One, in a church, or two, with a registrar in a registered room, in a registered venue. Now, that could be here, on your wedding day – or you could choose to have your service your way.

You could begin by doing your “legals” at the library in Crawley, at a cost of £68, and sign your certificate and legally marry. You are able to take just two witnesses with you, and it's a very simple service that last no more than 10 minutes. *(Having a registrar come to any venue in West Sussex (on a Saturday) is currently around £700.)*

Then, on your wedding day one of our celebrants will look after you, and officiate your service. You will choose who you work with. Here we have Amanda, our Weddings and Events Manager and Corrine our HR Executive who are both experienced Wedding Celebrants.

Over the months (or years) of planning, your chosen celebrant will get to know you as a couple. They find out all about you, how you found each other, how you met, who proposed to who, what you love about each other, your hopes and dreams for the future.

They write your ceremony starting each script from scratch, as each couple is individual – there is no copy and paste here! They bring out the very best of you on the most important day of your life, involving those you

love the most – your chosen congregation of family and friends. Some people have a small service with 20 or so guests, and then invite everyone for the celebration party; whereas some couples invite everyone to see them officially wed and become partners for life.

The choice is yours!

With a celebrant led ceremony you also have many more options as to where you hold your ceremony. Registrars' ceremonies have to be held

under than bandstand if you choose

the garden; however with celebrants you can switch it around and use the roses as your backdrop and face your guests, rather than standing with your back to everyone. Much nicer for you, for your guests and for your photographer!

Weddings are so much more than standing with the Registrar and repeating legal vows, a service which takes less than 10 minutes.

Your ceremony is the start of your wedding celebrations, so you should have it where you choose, with your choice of celebrant, with your choice of vows and promises, involving who you want. It is, after all, all about you.

Hardings First Class Caterers...

Hardings have been working with us in partnership since 2018 as our sole caterers. They pride themselves on their flexibility, helping you to create the perfect menu to suit your guests. They manage every detail of your wedding celebration, providing superb service as well as a fully licensed bar. From a formal sit-down meal to a waiter served BBQ to street or bowl food your choices are endless.

Food and Beverage is not included within the Twilight Package to give you complete freedom of choice. You could start with providing prosecco for your guests following your ceremony or opt for the fully licensed bar where guests can purchase their own drinks. The choice is yours.

A garden to enjoy all year round

Our garden has been designed to have colour all year round, so we have selected some photos of real weddings, throughout the year, to show you how beautiful our garden is regardless of the month that you choose.

Hire Your Day

Hire Your Day bring our barn to life with your choice of venue décor. Included in your package are five centrepieces – you have the choice of candelabra, birdcages or blossom trees. Their fairy light and voile ceiling draping completes your look. The options are endless and if you want to add on any other décor for your ceremony or reception, Hire Your Day are happy to help.

Limelight UK

Limelight Events are a team of professional local DJs who have worked in the events industry for over 10 years. Your DJ will ensure all your guests are in the right place for the cutting of the cake and welcome you onto the dance floor. Playlists are very welcome, but you may find it easier to let the DJ entertain you.

Magic Mirror Photobooth

Entertaining your guests during the evening is crucial to the success of the party, so our Magic Mirror Photobooth is included in the package for you! A bespoke, state of the art photo booth, it will take and print an endless number of pictures. Following your wedding, we will send you a download link so you can keep all the photos that were taken!

With the Twilight Package you can have your wedding your way. Whether you have traditional plans, or would prefer a more laid-back and informal celebration, the choice is always yours!

Our team are here to help and support you. We are award-winning, having won three National Titles with the Wedding Industry Awards, so you are in very safe hands.

We have created our Twilight Package to help couples who want to have a wonderful wedding day in an historic venue, at a sensible price.

April - September	£6,250	£7,250	£7,995
January - March, October - December	£5,250	£6,250	£6,500

Frequently Asked Questions

How many people does the twilight package include?

There are no minimum numbers for this package! Perfect for small intimate weddings, or large celebrations. The maximum number that we can sit in the Sussex Barn is 120, if you opt for a sit-down meal. If you have a more informal wedding breakfast, you can host up to 180 guests.

Can we have registrars marry us on the day?

Yes, of course. We provide a celebrant to give you the ultimate flexibility in terms of your ceremony. If you would like the registrars to legally marry you here on the day, you can book them through West Sussex County Council. The most cost effective option to marry locally at Crawley Library for £57 and do your legals. The celebrant charges are then included in the Twilight Package, so having a celebrant is better value for money, and provides you with a bespoke service.

What if we want to marry in the garden but it is raining?

We always want you to have your ceremony exactly where you would like it. However, the great British weather can be highly unpredictable. For this reason, we advise you to plan on holding your ceremony indoors. We will look at the weather the day before your wedding and discuss options, then on your wedding day, around early afternoon we make the final decision and then set the ceremony up.

Would our dog be allowed to take part?

Absolutely! We love your four-legged friends, they are an integral part of your family and can always be here for your ceremony. We ask that once you make your way into The Sussex Barn for your meal that your pets are taken home so that we comply with food guidance regulations.

Who provides our catering?

Hardings are the sole caterers here and the only caterers that can provide food and beverage. They also run the bars in both barns. They offer a range of menu options and will work with you to create your perfect day.

How much parking space do you have?

We have 108 car parking spaces, so plenty for everyone. You and your guests are welcome to leave cars here overnight and collect them the following day, with no time constraints.

Can we have confetti?

Of course - we love a confetti tunnel! We ask that you use fresh petals or dried petals. We do all we can to take care of the wildlife and birds who live in our garden, and to be sustainable.

Who provides our decor?

Hire Your Day provide the table centrepieces included within the package (for 5 tables), along with the ceiling draping and fairy light canopy. If you would like to add additional décor this can be arranged with Hire Your Day. We will happily put out place cards if you have chosen to have a sit down meal and can help you with placing your table plan and any favours.

Can I have a band?

Yes, certainly. You are most welcome to have a band play alongside our DJ. Bands often play two sets, so having the DJ alongside them means that your music never stops and the atmosphere is consistent.

Can we have fireworks?

We love sparklers! Extra-long gold sparklers are beyond wonderful at weddings, they make the perfect pictures. However, due to being in a residential area, fireworks are not permitted.

What happens at the end of the night?

We don't want you to worry about anything the night of your wedding, so our team will look after all the clearing up. We always recommend that you book a car before the lights come on at midnight so that you can have a planned exit as you wave your guests goodbye!

Can our photographer stay all day?

Yes, absolutely! Photographers are very welcome all day, taking getting ready shots, ceremony, couples, groups, reportage, speeches, then golden hour before you cut your cake (not compulsory!) and you have a first dance.

Do you have microphones for speeches?

Yes. We have a PA system, with microphones that you are welcome to use. You can also plug in iPads or phones if you have a playlist that you would like for your wedding breakfast.

Who will help us with the planning?

Our events team will be with you every step of the way from viewing the venue to the big day itself. No question is too small. Amanda and Emma will have regular catch up meetings with you to ensure you are on track and have all the information you need. We also have show case days where you can meet our trusted suppliers to discuss your day. We will liaise with any other suppliers you have booked to make sure they are happy with how the day will go and when they need to be here.

How do we book?

In the first instance we will hold your date for you for two weeks, whilst you read through everything and make final decisions without any pressure.

How do we go ahead?

Our deposit is one of the lowest deposits for venues locally, at just £500. This then secures your wedding date. The deposit is non-refundable. The deposit secures all of the suppliers in the Twilight Package. The final balance is due two months before your wedding, with final numbers to our caterers two weeks before your date.
